Substance Use Navigation Program

Ready to Break Free?

Our Substance Use Navigation Program can help!

Our Services

- **Initial assessment** to develop personalized action plans tailored to your unique needs.
- **Care coordination** with you and your healthcare providers to manage appointments, coordinate treatment plans, and offer ongoing support.
- **Referrals** to treatment centers, support groups, and other services, as needed.
- **Education & resources** to help you understand substance use, treatment options and available insurance and financial resources.
