

Expanded Emergency Depart. Phase 1

Lobby/Pharmacy Renovation

Dear Friend,

When you approach the hospital from Beach 19th street, it is easy to notice the evolving steel beam structure on the left. This soon-to-be new teaching center, along with many "once-in-a-century" expansion and renovation projects are gaining momentum and transforming St. John's and its campus.

We are in an ever-present state of positive change and growth in order to best serve your healthcare needs and those of our community. Your contributions help fuel our ability to expand and enhance the health services and programs we provide. As a result, you, a family member or friend can walk through the doors of St. John's with confidence, knowing that you are in good hands.

Why? Because you will receive top-notch medical care.

And you will also be treated like a real person, by dedicated, compassionate healthcare professionals in a warm, caring environment.

You may not know it but St. John's Episcopal Hospital is fully accredited by The Joint Commission. The hospital recently received the Gold-Plus, "Get with the Guidelines®-Stroke" Quality Achievement Award from the American Heart Association. St. John's is also the largest employer in the Rockaways.

The great work that takes place in our patient care settings is enhanced by generous people like you, our patients, families, medical teams, support staff, neighbors and the community at large, who support our efforts. As the saying goes, a house does not make a home, so we will continue to nurture our compassionate culture and caring services, as the physical construction in and around the hospital progresses.

Some of our exciting current and upcoming projects include:

- Renovated/Expanded Emergency Department – Phase I completed
- New Teaching Center – under construction
- Lobby/Pharmacy Renovation – under construction
- Labor and Delivery Unit Renovation – coming soon

As the only hospital on the Peninsula, St. John's is your community hospital. We remain committed to improving the health of the community and to sustaining an environment of excellence where healthcare services are delivered efficiently and effectively, regardless of ability to pay. We exist to serve you and your loved ones- to provide hope, healing and recovery.

ST. JOHN'S EPISCOPAL HOSPITAL
EPISCOPAL HEALTH SERVICES INC.

Please make your contribution today!

Gifts of any amount are appreciated.
We are so grateful for your help!

St. John's Episcopal Hospital in partnership with our community, provides exceptional healthcare and education programs in an academic setting across the continuum of care. We deliver high quality, value based services with cultural sensitivity to the faiths and traditions of those we serve.

Wishing you and your family the
happiest and healthiest of Holidays!

So, as you watch our construction and renovation projects take shape, please make an investment in the care that is provided each and every day within our walls. Your gift of \$25, \$50 or more is extremely important to us because it provides resources that make an immediate impact. Before you begin to celebrate the holiday season, won't you please help make our 2018 Annual Fund Drive a success?

By giving today, you can help us provide the very highest level of care for you and your family in the year to come. You can also feel proud knowing that you helped us deliver life-saving treatment and care to thousands of your neighbors in your community.

Thank you so much for your help.

Sincerely,

Gerard M. Walsh
CEO

P.S. Did you know that St. John's Episcopal Hospital is a nonprofit organization? Or that the quality care we provide costs more than insurance and patients' fees can cover? We rely on gifts from friends like you to provide the highest level of care, and right now we are counting on you more than ever. Please send your gift to St. John's Episcopal Hospital today! Thank you!

Outstanding and innovative healthcare close to home makes all the difference. Please help make it available to everyone by giving \$25 or more to the St. John's Episcopal Hospital's 2018 Annual Fund Today!

Meet John

Diabetic ulcers and multiple surgeries, including the amputation of a toe, caused John three years of stress. Luckily, John found comfort and success in the hyperbaric chamber at St. John's.

"The Wound Care/Hyperbaric Unit has been a Godsend to my recovery and healing process. I am extremely grateful for the service that I received from the Podiatry team at St. John's Hospital."

Meet Destiny and Lexanne

In March, Destiny gave birth at St. John's to her first child, a beautiful and healthy baby girl. Destiny continues Lexanne's care by bringing her to St. John's Medical Group Pediatrics and Adult Medicine.

"My experience at St. John's was great. The nurses and doctors in the Labor and Delivery Department were awesome, friendly and very attentive to my needs. I received a lot of support with breast feeding and found St. John's to be a very baby friendly hospital. The food was great too!"

Yes, I want to support innovative healthcare close to home. Here is my gift to your 2018 Annual Fund Drive.

Enclosed is my gift for: \$25 \$50 \$100 \$250 \$500 \$1,000 Other \$ _____
